A Dinosaur Story

Imagine you could travel back in time millions of years to the time that dinosaurs were alive. What an amazing adventure you would have! Maybe you would bump into a Tyrannosaurus rex or an Ankylosaurus. You might watch some dinosaur eggs hatching or see a Triceratops having a snooze in the sun.

Tell about your dinosaur adventure using the story opening below. Draw a picture on the back too!

"The time machine landed with a bump. I was back in the age of the dinosaurs! My hand shook as I swiped my key card to open the door, what would I find outside?"
